In conjunction with the Office of City Representative, Emma Acosta of District 3, the City of El Paso's Capital Improvement Department has scheduled a community meeting to inform the community of the Alameda Community Center project.

The project includes the development, design and construction of a community center which will

be located at 7380 Alameda Avenue. This facility will also include a library combo component, which will allow the public to drop off, pick up and order books, as well as utilize other library resources such as computers.

At the meeting, City staff will be on hand to answer any questions, listen to input, and take suggestions the public may have regarding the project.

The community center is funded by the 2012 Quality of Life Bond, and has an approximate total budget of \$11,000,000 which includes land acquisitions, project management, design, construction and public art. This project is part of the City of El Paso's commitment to enhance the quality of life for business, residents and
